Power of Non-verbal Communication

Power In Language Verbal Communication

It moves from the basic concept of monological speech and the achievement of power to the increasingly complex and subtle cases of conversational control and linguistic depoliticization. Topics such as linguistic signs of power, language as a resource for creating power and social causes of verbal power are examined in contexts ranging from informal conversations to newspaper headlines.

The power of language: How words shape people, culture

The underpinning message of the book, however, is language power - what it is, how it is managed, and what it accomplishes.

Since a host of fields are now trying to determine just how power works, the verbal duels of the trial of a century provide a memorable battlefield for Cotterill's analysis.'
